

**C 8127 - I-90 - Snowshed to Keechelus Dam Phase 1C - Replace Snowshed and Add Lanes**

Q &amp; A # 2, April 21, 2011

Question #	Reference & Page #	Question	Response
5	---	Are project CADD files going to be available to plan holders?	All CADD files that are available to plan holders can be found on the "For Contractors - I-90 Project Information" web page located at: <a href="http://www.wsdot.wa.gov/Projects/I90/SnoqualmiePassEast/I90contractorinfo.htm">http://www.wsdot.wa.gov/Projects/I90/SnoqualmiePassEast/I90contractorinfo.htm</a> The existing DTM surfaces are available now. The proposed DTM surfaces and the proposed alignment (ALG) files will be available by the end of the day on April 21, 2011. We do not intend to extend this to other CADD files.
6	---	Can the State provide a copy of the beginning and ending coordinates for the LE, LW, AE, and AW alignments?	This information can be obtained from the proposed alignment (ALG) files which will be available by the end of the day on April 21, 2011 at the "For Contractors - I-90 Project Information" web page located at: <a href="http://www.wsdot.wa.gov/Projects/I90/SnoqualmiePassEast/I90contractorinfo.htm">http://www.wsdot.wa.gov/Projects/I90/SnoqualmiePassEast/I90contractorinfo.htm</a>
7	---	Can the State provide unrestricted PDF files?	No, unrestricted PDF files will not be available. All files that are available to plan holders can found on the "For Contractors - I-90 Project Information" web page located at: <a href="http://www.wsdot.wa.gov/Projects/I90/SnoqualmiePassEast/I90contractorinfo.htm">http://www.wsdot.wa.gov/Projects/I90/SnoqualmiePassEast/I90contractorinfo.htm</a>
8	---	Are the finished DTM data going to be available on line?	The proposed DTM surfaces and proposed alignment (ALG) files will be available on April 21, 2011 on the "For Contractors - I-90 Project Information" web page located at: <a href="http://www.wsdot.wa.gov/Projects/I90/SnoqualmiePassEast/I90contractorinfo.htm">http://www.wsdot.wa.gov/Projects/I90/SnoqualmiePassEast/I90contractorinfo.htm</a>

9	Plan Sheet W10-1, Note 6 / Special Provisions, Pages 305-306 / Pier 1 East Mechanical Room Section View	Where in the plans is low density concrete being used?	Note 6 on Plan Sheet W10-1 states that LDCC (low density cellular concrete) fill is used for stability for Wall 10A. LDCC will be updated to LDC (low density concrete) on this plan sheet in either Addendum No. 1 or 2. The Low Density Concrete special provision is located on pages 305-306 of the Special Provisions. On page 306, lines 20-22, the text mentions that LDC will be used behind the East Mechanical Room Wall. In Addendum No. 2, LDC use will be described or shown on the Pier 1 East Mechanical Room Section View in the Plans.
10	---	Is the PE office giving tours of the Phase 1C Project limits during the bid period?	The PE office will provide project tours to contractors during the bid period under the following conditions: (1.) Must be a Proposal holder. (2.) Each Proposal holder will be allowed 1 prearranged tour with no more than 3 contractor representatives. (3.) Must request the tour a minimum of 1 week in advance. (4.) PE office will only provide tours during daylight hours Tuesday thru Thursday.
